Jeanne Clery Disclosure of Campus Security Policies & Campus Crime Statistics Act

Clery Report for Vermont Campus including the
2014 Annual Fire Safety and Statistics Report

2014

Introduction

The requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act mandates that all institutions receiving federal funds (e.g., financial aid) report and publish certain crime statistics and policies. This annual report available on the SIT website has therefore been designed to make this information readily available to current and prospective students, faculty, and staff.

The Clery Act requires colleges and universities to:

- publish an annual report every year that contains three previous years of campus crime statistics and certain campus security policy statements
- Disclosure of crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain non-campus facilities. The statistics must be gathered from local law enforcement and other University officials and Campus Security Authorities who have significant responsibility for student and campus activities.
- Provide “timely warning” notices of crimes and emergencies that have occurred and pose an ongoing threat to members of the campus community.
- Established procedures for responses to missing students as defined in the Higher Education Opportunity Act of 2008.

The Dean and Assistant Dean of Students are responsible to prepare and distribute the report for the campus. This report is also available on the SIT Graduate Institute website: <http://www.sit.edu/graduate/cs-safety-security.cfm>

Members of the SIT Graduate Institute campus community are sent a notice that describes the report and the web address. For a paper copy of the report, contact the Assistant Dean of Students/Director of Campus Life at 802.258-3361, the Dean of Students at 802.258-3570, or the Provost at 802.258.3266.

The responsibility of crime prevention and campus safety is shared jointly by all at SIT. In fact, community awareness and involvement are the most important factors in crime prevention. Successful prevention depends largely on each person following sound security practices, and on people recognizing and immediately reporting suspicious or criminal activity.

In sum, guaranteeing safety and security at SIT requires the personal awareness and active prevention of all students, program participants, faculty, and staff.

Timely Warnings

Anytime that a serious situation or emergency arises either on campus or in the immediate area of the campus that in the judgment of either the Dean or Assistant Dean of Students in consultation with the Provost, poses an ongoing or continuing threat to the campus community, a campus "Timely Warning" will be issued. This warning will be posted through the SIT/WL Alert System, voice mail or telephone notification, e-mail, posted on the Institution website, posted notices, public address announcements, and direct contact with individuals.

Voluntary Confidential Reporting

If you are the victim of a crime and do not want to pursue action through the criminal justice system, you may still want to consider making an anonymous report by calling the Brattleboro Police Crime Tip Hotline at (802) 251-8188. The purpose of an anonymous report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With *Policy* such information, the Graduate Institute can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the college community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution.

Any member of the campus community may also report violations of the law or other matters of concern to the Campus Life or Student Affairs Offices. All reports received will be responded to in the appropriate manner. Anyone with knowledge of a crime or possible crime should contact the Assistant Dean of Students/Director of Campus Life at 802.258.3361.

Annual Report

Federal law requires colleges and universities to publish reports containing campus security statistics. Amendments made to the Clery Act in 1992, 1998, 2000, 2008, 2013 altered the law's reporting requirements, expanding the list of reportable offenses and creating new reporting categories. All statistics in this Annual Security Report reflect the expanded scope of the 2013 amendments.

The Dean and Assistant Dean of Students are responsible to obtain, review and report all the needed aspects of the annual report. Crime statistics from the required geographical areas to SIT/World Learning from local law enforcement jurisdictions are requested as required.

To whom Crimes should be Reported

While SIT does not have a full-time security officer or staff, the Clery Act requires that the following persons: Assistant Dean of Students/Director of Campus Life, the Dean of Students and the Director of Facilities Management designated as SIT's Chief Campus Security Officials (CCSAs) notify the institution about crimes they have learned about from persons believed to be acting in good faith. They do not have authority to arrest individuals, but do have responsibility for the following:

- Implementing, communicating, and reviewing policies and programs designed to enhance the safety awareness of students, staff, and faculty. Members of the Student Campus-Life Advisory Board, Student Affairs personnel, and Resident Assistants are called upon to assist as needed with policy / program design and execution
- Implementing and communicating procedures for crime reporting
- Serving as first-responder to crime incidents 24/7
- As appropriate, investigating and documenting crimes with the assistance of the Brattleboro police
- Maintaining a case history of reported crimes
- With the assistance of the Provost's Office, preparing an annual report of crime statistics
- Conducting a formal, monthly (3rd week of each month) lighting & safety audit
- Ensuring that all student and employee vehicles are registered with proper vehicle identification
- Communicating campus emergency evacuation procedures in September, February, and June of each year

The Chief Campus Security Authorities also receive reports from other designated "Campus Security Authorities" (CSA). CSA's are staff members who have "significant responsibilities for student and campus activities, including but not limited to student housing, discipline, and other student services. These persons are listed as follows:

- Student Affairs Deans
- Residence Life Staff including Resident Assistants
- Director of International Student Services

Professional Counselors and Pastoral Counselors

Professional Counseling staff and Campus Pastoral Counselors, when acting as such, are not considered to be “Campus Security Authorities” and are not required to report crimes to be included in the annual report of crime statistics. As part of the SIT policy, these persons are encouraged to inform persons being counseled of all the procedures in place to report crimes on a voluntary basis to be included in the annual report of crime statistics. SIT also encourages Professional counseling staff and Pastoral Counselors to report all crimes which they become aware. This can be done without identifying any of the individuals involved if they want to remain anonymous but it makes of the member of the campus community aware of the crime.

The Clery Act defines counselors as follows:

Professional Counselor: an employee of an institution who official responsibilities include providing psychological counseling to members of the institution’s community and who is functioning in the scope of his/her license or certification. At SIT, this means all counseling staff employed in Counseling Center.

Access to Buildings and Facilities

SIT's eight residence halls on campus keep their common area access doors locked between the hours of 9:00/10:00 p.m. and 8:00 a.m. These buildings are Bolton, Ellsworth, Gamble, Janeway, Dickinson, Black Mountain, Winner, and the residential areas of the International Center. All students are issued a key to their room, and they are strongly encouraged to keep the door and windows locked when their room is unoccupied.

Five non-residential buildings on campus have significant student traffic and thus are accessible 24/7: the Rotch Learning Center, the Student Center, the Undergraduate Building, the Graduate Building, and the Campus Laundry. The Whitney Spiritual Center is also available at all times. Within the Rotch Center, the Donald B. Watt Library and the Professional Development Resource Center have formal hours. All other non-residential buildings are locked between 5:00 p.m. and 8:00 a.m. Faculty and staff are responsible for locking their offices when not in use.

Access to any building after hours and on weekends is limited unless there are classes or other authorized function being held.

Policy Statement Addressing Disclosures to Alleged Victims of Crimes of Violence or Non-forcible Sex Offenses

SIT Student Affairs will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the college against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, SIT Student Affairs will provide the results of the disciplinary hearing to the victim’s next of kin, if so requested.

Crime Prevention and Safety Tips

All members of the campus community have to assist themselves from becoming a victim of crime by following basic crime prevention practices:

- Be alert and walk purposefully. Stay alert to what is going on around you.
- Travel, walk or park in well-lit areas and with a companion whenever possible. Avoid lonely or gloomy places, especially at night. Whenever possible try to walk facing traffic. Ask anyone who gives you a ride to wait until you have safely entered your building.
- Respect your intuition. Don't allow rationality to override your "gut feeling" – it could protect you from danger. Call for help if you feel something is just not right [either the RA on duty ("0" from any SIT campus phone) or 911 if you feel it's an emergency]. On campus, blue lights designate public local phones that are accessible 24/7. Locations include: International Center, Boyce House, Undergraduate Building, Student Center, and Black Mountain, Dickinson, Bolton, and Janeway residence halls.
- Be wary of strangers, on foot or in cars, asking directions – it's better to be rude than to be in trouble.
- If someone follows you, go to a place where there are other people and then call a resident advisor immediately.
- When someone knocks on your door, before opening always ask: "who is it." Ask for identification as appropriate.
- Be careful about giving out information concerning yourself and where you live.
- Be cautious when using elevators. Stand near the buttons and get off immediately if you are suspicious of other occupants.
- Take a self-defense course. Check with your local community health clubs and police department for availability.

Personal Safety in Residential Halls

- Lock your door when you are at home ... lock your door when you are away. Please lock your door always!
- Report any suspicious activity immediately, including anyone who makes you feel uncomfortable.
- Pull the shades to your room at night and lock your windows.
- Watch out for each other! Report any sign of forced entry. Do not go in. Instead, go to a safe place and call the RA on duty ("0" from any SIT campus phone), or 911. On campus, **blue lights** designate public local phones that are accessible 24/7. Locations include: International Center, Boyce House, Undergraduate Building, Student Center, Black Mountain Dorm, Dickinson Dorm, Bolton Dorm, and Janeway Dorm.

Educational Programs

- SIT periodically offers self-defense instruction. Participation is open to students, faculty, and staff.
- An annual comprehensive training that addresses gender issues, cross-cultural relationships, sexual harassment and sexual assault is offered each fall at SIT. Participation is voluntary.

Students living on-campus receive information about SIT's campus security procedures and practices from their RAs during the first two weeks of the academic year. Similarly, off-campus students are required to attend a security briefing led by the Assistant Dean of Students/Director of Campus Life at the beginning of the academic year. Participants attending one of SIT's short-term programs who reside on-campus more than one week receive a modified version of the RA's campus security procedures and practices briefing. New faculty and staff receive this same information during an orientation briefing; security reminders are sent as needed, at least annually.

SIT Student Affairs/Residence Life Missing Student Policy:

The purpose of this policy is to establish procedures for SIT Student Affairs, to respond to and assist with reports of missing students as required under the Higher Education Opportunity Act of 2008. This policy

Alcohol and Drug Use Policy

Statement of Philosophy

In keeping with its mission, it is the intent of SIT to provide an environment that fosters tolerance, commitment to learning, personal development, and respect for others. While there is some latitude for individual choice regarding the personal use of alcohol, that freedom of choice exists within certain guidelines. Students and staff are required to obey all federal, state, and local laws regarding the possession, use, and distribution of alcohol; comply with SIT alcohol policies; and take full responsibility for their conduct. This includes respect for individual rights and property. Behavior which threatens to create disorder, public disturbance, damage to oneself or to others, or that otherwise interferes with the proper functioning of the institution will not be tolerated. SIT expressly prohibits the unlawful manufacture, distribution, possession, or use of any controlled substance on its premises or during any of its sponsored activities by students or staff.

State Law

In the state of Vermont, a person must be at least 21 years old to buy or drink beer, wine, mixed beverages, and spirituous liquor. Any person under the age of 21 who orders, pays for, purchases, or consumes beer or intoxicating liquor, or provides false information as to name, age, etc., in order to obtain said beverages, is subject to a fine of up to \$500, imprisonment of up to one year, or both. Finally, the law prohibits the sale or dispensing of alcohol to an intoxicated individual.

Use and/or possession of illegal drugs could result in fines ranging from \$500 to \$25,000 and imprisonment from six months to 25 years. Sale and/or distribution of illegal drugs could result in imprisonment of up to 25 years.

Inappropriate behavior as described above is subject to disciplinary action by World Learning / SIT.

Those studying or working outside the State of Vermont are responsible for obeying all applicable state and local laws.

Violations

Students who violate the SIT Alcohol and Drug Policy are subject to disciplinary action and may face possible criminal or civil liability. Such persons may be referred to law enforcement authorities for prosecution and/or referred to substance abuse programs for evaluation or treatment.

SIT Alcohol Policy Code of Conduct

Consumption of alcohol, within the limits of state and local law, may be permitted under the following guidelines:

- You must be 21 years of age to drink alcohol in the United States.
- Students must obey state and local laws, and take full responsibility for their conduct.

The definitions are extracted from the following sources: the Federal Bureau of Investigation's **Uniform Crime Reporting Handbook**, the National Incident-based Reporting System edition of the **Uniform Crime Reporting Handbook**, and the Higher Education Amendment of 1998.

The willful (non-negligent) killing of one human being by another.

Criminal Homicide: Manslaughter by Negligence

SIT GRADUATE INSTITUTE RESIDENCE LIFE FIRE SAFETY STANDARDS & MEASURES REPORT

Fire Safety Policy

Fire safety is a serious consideration. Each year, fire claims the lives of many people and injures many others. It is against the law to use fire safety equipment in a non-emergency situation. Tampering with this equipment will result in immediate suspension from the residence halls, an automatic fine, and possibly other disciplinary action.

In Case of Fire

- Sound the building's fire alarm by pulling the lever on an alarm box located near building exits).
- Leave the building. Before opening a door into a hallway, feel the door to make sure it is cool. If it is hot, use another door or window. If the normal exit path is blocked, use an alternate escape route (see drawings in residence halls). If smoke is present, stay low to the floor where the smoke is less dense. Do not underestimate the danger of smoke. Most people killed in fires die of smoke inhalation: smoke kills!
- Call 911.
- Meet others from your residence hall outside the building. Do not return to the building until you are told it is safe to do so.

Small fires, such as wastebasket fires, must also be reported to the resident assistant or director of residence life if in the residence halls, even if they have been extinguished. In other buildings, please notify the Director of Facilities Management or the Dean or Assistant Dean of Students. Please also indicate if the fire has been extinguished.

Using Fire Extinguishers

Portable fire extinguishers are only designed to fight very small fires and keep escape routes open. Fighting fires can be extremely dangerous: never put yourself at risk to fight a fire! Use a fire extinguisher only if all of the following are true:

- The building fire alarm has been sounded and the fire has been reported.
- The fire is small and confined to the immediate area where it started (wastebasket, cushion, small appliance, etc.).
- You can fight the fire with your back to a safe escape route.
- The extinguisher is rated for the type of fire you are fighting and is in good working order.
- You have had training in the use of the extinguisher and are confident that you can operate it effectively.
- If you have the slightest doubt about whether or not to fight the fire – don't! Instead, get out, closing the door behind you.

Fire Drills

Periodic fire drills are required by law and should be taken seriously. Your RA will monitor these drills.

Fire Prevention

Residence hall rooms contain easily combustible materials such as clothing, furniture, paper, and bedding. To minimize the risk of fire, please adhere to the following:

- Beds must be kept away from heating units.
- Extension cords may only be used temporarily, not as a substitute for permanent wiring. They must never be used for appliances with heating elements (irons, hair dryers). Contact your RA if you don't have an electrical outlet where one is needed.
- Fire ignition sources such as irons, high-intensity lamps, ashtrays, etc. must be kept away from all combustible materials.
- Posters, papers, tapestries, and other wall decorations should be used sparingly. Always keep 70 percent of the wall space uncovered. Do not hang flammable material from the ceiling.
Candles, oil lamps, or other sources of open flame are not allowed in residence halls. The burning of gasoline, kerosene, or other flammable liquids is not allowed in any area. Fireworks are prohibited.
- Halls, stairwells, and exits must be kept clear of obstructions at all times. Storing boxes, equipment, bicycles, etc., in these areas is prohibited. No combustible material may be stored underneath stairs.
- Flammable liquids such as gasoline, kerosene, Coleman fluid, and propane may not be stored in the residence halls.
- Fires in the fireplaces or outside the buildings are prohibited except when specifically authorized by Maintenance Services.

- Cooking is not allowed in any sleeping rooms. This includes the use of hot plates, hot pots, toaster ovens, and coffee machines.
- Irons, hair dryers, etc. are permitted but must be used with caution. Appliances must be unplugged when not in use.
- All electrical appliances must be Underwriter Laboratories (UL) inspected and in good working order. Any electrical appliance with a worn or damaged cord must be turned in to your RA or the housing coordinator.
- Any appliance or combination of appliances that overloads circuits is not allowed. Tampering with or altering circuit breakers or any part of the electrical system in any building is strictly forbidden. If a circuit breaker is tripped, contact Maintenance Services or your RA.

The SIT Graduate Institute maintains a written fire log that records any fire that occurs in an on-campus student housing facility. To view a hard copy of the current Fire Log, please contact the Director of Residence Life at (802) 258-3365. An up-to-date electronic version of this Fire Log is listed below:
